

“I studied Tae Kwon Do for about 3 years under Michelle's instruction at K.S. Lee's Best Martial Arts. She is an expert martial artist and an excellent teacher. Not only does she teach her students the mechanics and techniques of TKD, but she instills the qualities of integrity, teamwork, humility and hard work by leading by example. Although I never had any problems in school, I witnessed firsthand her helping my fellow students by tutoring and encouraging them, helping all of us to overcome the difficulties we might have. The confidence, discipline, and lessons she taught me have served me well in my career.”

Top qualities: Personable, Expert, High Integrity
